- Identify the hurts of the people in this city. Exploration around where people feel there is a sense of lack.

- Creating the space that allows people to be bold enough to name the things they desire for the community of London.

- Discuss what we think we already have (tools) in order to meet some of these difficulties and to sustain the needs and nurture the hopes and dreams of the community.

C.O. Objectives re Vision for London – 10.11.2018
